

HANDY HINTS TO MEASURING CUBICS

1 metre = 1.00
10 centimetres = 0.10
15 centimetres = 0.15

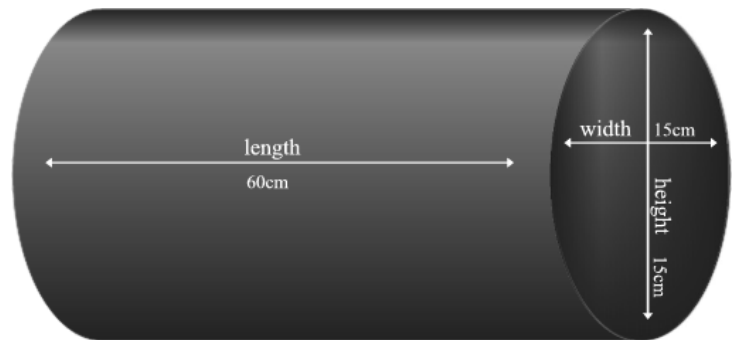

Width x Length x Height = m³

e.g .25cm x .80cm x .25cm = .050m³

Width x Length x Height = m³

e.g .15cm x .60cm x .15cm
= .013m³

When ticketing your freight, please ensure that you use the ticket that applies to the greater of m³ or kgs, otherwise under ticketing charges will occur.
